MAINTENANCE TIPS AND CLEANING

It's easy to maintain the great look of your FAIRWAY® Aluminum, Vinyl, Composite Railing Systems. Like anything exposed to the elements, your railing or fence will get dirty. In most cases you can simply spray the dirt off with your garden hose.

For more stubborn dirt or stain removal, follow these simple instructions:

Stubborn Dirt

1. Use a slightly moist Mr. Clean Magic Eraser Cleaning Pad® to scrub your railing or fence. This should remove most stains.
2. Use an ordinary soft bristle wash brush and scrub your railing or fence just like you would wash your car.
3. If the dirt is difficult to remove, such as soot found in industrial areas, wash the railing or fence with a solution made up of the following:
 - 1/3 cup powder detergent (e.g. Tide, Fab, or equivalent powder detergent)
 - 2/3 cup household cleaner (e.g. Soilax, Spic & Span or equivalent)
 - 1 gallon of water
4. If mildew is a problem in your area add 8 fluid ounces of liquid laundry bleach to above solution.
